

NB Series with High Performance Lithium Battery Mobile Powered Workstations

Mid-size, Adaptable Mobile Powered Workstations
laubner.com/en/products/mobile-workstations

Mobile powered Workstation NB Series

The patented NB Series is the allrounder of our mobile powered workstation line-up. They combine the rugged design that keeps our carts operating on the floor for years with the mobility and flexible configurations that let you transform any legacy process and create measurable efficiencies.

With the largest range of accessories, the NB Series can accommodate almost any profile of workstation including those with scales, testing equipment, large monitors, barcode printers and even laser printers. At the end of use, simply plug your cart into a standard wall outlet to recharge.

Optional printer shelf

Slotted support mast for adjustable shelves

Integrated power strip

NB Series shown above with optional second shelf, slide-out printer tray, post-mounted flat screen holder and keyboard tray

NB Series Mobile Workstations come standard with one adjustable height shelf, locking casters, push handles, integrated power system, power strip and wastebasket.
